***Bodisen Biotech Inc. Announces Approval for Listing in Mergent Manual and News Reports™***

**Yang Ling, China, April 6, 2004**—Bodisen Biotech Inc, (BBOI.OB), a leading organic fertilizer manufacturer in China, announced today that Mergent's Editorial Board has approved Bodisen for a listing in Mergent Manuals and News Reports™. Bodisen's corporate profile, which includes descriptive text data as well as news and financial statements, will be accessible via Mergent's online and print products.

As part of Mergent's listing services, the new description will also be highlighted separately on [www.mergent.com](http://www.mergent.com), with an active hyperlink back to Bodisen's website ([www.bodisen.com](http://www.bodisen.com)).

"Today's news is further evidence of Bodisen's progress as a U.S.-listed company," commented Ms. Qiong Wong, Chairman and CEO of Bodisen. "Our approval to be listed in Mergent Manuals and News Reports™ will serve to broaden our reach among the financial community."

The Mergent Industrial Manual and News Reports™ is a recognized securities manual in 38 states for purposes of Blue Sky Manual Exemption. First published in 1918, and formerly known as Moody's™ Manuals and News Reports, the publication was rebranded as Mergent Manuals and News Reports when Mergent, Inc. acquired Moody's™ Financial Information Services division in 1998. Bodisen's listing will aid the brokerage community in making a market for the company's stock. However, it is recommended that brokers confirm with their compliance/legal department concerning "Blue Sky" laws in specific states and other regulatory laws that might affect them.

### **About Bodisen Biotech, Inc.**

Founded in 2001, Bodisen (BBOI.OB) is a leading manufacturer and marketer of environmentally friendly organic fertilizers and pesticides in China. The company is located in Shaanxi, China, an agriculturally oriented province and the economic gateway to the western regions of China. Bodisen is a highly respected organic brand in China. Its "green" products support the mandate of the National Government to increase crop yields for the purpose of decreasing China's dependency on food imports. Using proprietary technologies, Bodisen currently sells over 60 package products which are broken down into 3 product categories: Organic Compound Fertilizer, Liquid Fertilizer, and Pesticides & Insecticides. Bodisen's products enjoy brand recognition and a price premium over competitive brands. With distribution in 17 provinces and an expanding geographic footprint, Bodisen is well positioned to take advantage of the growing demand for fertilizers. [www.bodisen.com](http://www.bodisen.com)

### **About Mergent, Inc.**

Mergent, Inc. has been collecting and delivering financial information since 1900. For over a century, Mergent has built its reputation as an innovative leader in supplying comprehensive, accurate data, along with easy-to-use information tools based on the latest in technology. Located in New York City and Charlotte, North Carolina, Mergent maintains a growing number of sales and service offices in the United States, Canada, the United Kingdom, Australia and Japan.

### **Safe Harbor Statement**

*This press release may contain forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. These statements are based on the current expectations or beliefs of Bodisen Biotech, Inc. management and are subject to a number of factors and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. The following factors, among others, could cause actual results to differ materially from those described in the forward-looking statements: adverse weather conditions, historical seasonality, loss of customers, increased competition and other risks detailed from time to time in filings with the Securities and Exchange Commission. Consequently, if such management assumptions prove to be incorrect or such risks or uncertainties materialize, the Company's actual results could differ materially from the results forecast in the forward-looking statements.*
