

Bodisen Biotech Receives \$11.9 Million in Contracts at China Agricultural Expo

Tuesday November 30, 9:30 am ET

NEW YORK--(BUSINESS WIRE)--Nov. 30, 2004--Bodisen Biotech, Inc., (stock symbol: BBOI, website: www.bodisen.com) participated at the China Yangling Agricultural Hi-Tech Harvests Expo, a national agricultural event. The Expo provided another opportunity for Bodisen to distinguish the benefits of its unique product line of organic fertilizers as compared to other agricultural products.

At the Expo, Bodisen received approximately 88 contracts for 2005 product delivery with a combined value of \$11,946,330. Of the 88 contracts, Bodisen attracted 25 new national wholesale distributors.

The Expo is one of four Outstanding Science Technology Expos that the Chinese government supports and one that is closely supported by the Ministry of Science and Technology, the Ministry of Commerce, the Ministry of Agriculture and co-sponsored by the Shaanxi Municipal Government.

Ms. Qiong Wang, CEO of Bodisen, commented "We are pleased with the new contracts received from the Expo. Our business is very strong and we look forward to participation of our next expo, the National Conference taking place in the city of Wuhan before the end of 2004."

Using proprietary technologies, Bodisen sells over 60 packaged products, broken down into 3 product categories: Organic Compound Fertilizer; Organic Liquid Fertilizer; and Pesticides & Insecticides. Bodisen's organic fertilizers can be absorbed by plants within 48 hours while enriching soil conditions without the damaging effects associated with chemical fertilizers.

About Bodisen Biotech, Inc.

Bodisen is headquartered in Shaanxi, China, an agricultural hub of China and the economic gateway to the western regions of China. The Bodisen brand is a highly respected organic brand in China. Its "green" products support the mandate of the Chinese national government to increase crop yields for the purpose of decreasing China's dependency on food imports. Bodisen's products enjoy brand recognition and a price premium over competitive brands in China.
