

Bodisen Biotech Receives \$9.88 Million in Contracts at China National Agricultural Expo

Tuesday January 11, 9:30 am ET

NEW YORK--(BUSINESS WIRE)--Jan. 11, 2005--Bodisen Biotech, Inc., (stock symbol: BBOI, website: www.bodisen.com) participated in the 20th China National Plant Protection Trade Conference hosted by the Ministry of Agriculture of China.

At the conference, Bodisen received 55 contracts for 2005 delivery with a total value of \$9.88 million. Of the 55 contracts, Bodisen attracted 45 new distributors, some of which are located in distant provinces such as Xinjiang, Yunnan and Sichuan.

Ms. Qiong Wang, CEO of Bodisen, commented "We are very pleased with the new contracts received at the Expo. The Bodisen brand name continues to be recognized by farmers and wholesale agricultural product distributors nationwide as a leading agricultural brand in China. We are in the process of completing our new manufacturing facilities which will at least double our current manufacturing capacity in 2005 to satisfy increasing customer demand. Bodisen is well positioned to deliver stronger revenue and profitability potentials in 2005. We look forward to a prosperous new year together with our shareholders and customers."

Utilizing proprietary technologies, Bodisen sells over 60 packaged products, broken down into 3 product categories: Organic Compound Fertilizer; Organic Liquid Fertilizer; and Pesticides & Insecticides. Bodisen's organic fertilizers can be absorbed by plants within 48 hours while enriching soil conditions without the damaging effects associated with chemical fertilizers.

About Bodisen Biotech, Inc.

Bodisen is headquartered in Shaanxi, China, an agricultural hub of China and the economic gateway to the western regions of China. The Bodisen brand is a highly respected organic brand in China. Its "green" products support the mandate of the Chinese national government to increase crop yields for the purpose of decreasing China's dependency on food imports. Bodisen's products enjoy brand recognition and a price premium over competitive brands in China.
